

Mark Wright

Mark Wright is Director of Security for Brookfield Office Properties in the Houston Region. In that role, he directs and administers security and emergency response operations for the 10 million square feet of commercial high-rise office buildings, owned and operated by his firm in Houston's central business district. Brookfield Office Properties employs a contract security service firm which provides in excess of 5,500 hours per week.

Wright has been involved in high rise office building security and life safety programs for over thirty years.

He served as the local agent for one of Houston's largest providers of uniformed security personnel services until 1986.

For three years he was a security systems design specialist and project manager for a major high rise office development and management firm.

For the last 21 years Wright has filled the role as a regional director of life safety and security for multiple high rise office portfolios which at various stages included Allen Center, Cullen Center, Continental Center, Heritage Plaza, Total Plaza and Wells Fargo Plaza.

Community and Professional Roles:

- Founding member of the Houston High Rise Triad committee formed by the city's fire chief to improve the responses of building occupants and responding firefighters. He currently serves as Vice President of Communications.
- Founding Chair of the Houston Police Department's Positive Interaction Program for the Central Business District.
- Charter member in the Emergency Planning Committee for the Houston Downtown Management District.
- 2001 – 2005 Chair of the Security Preparedness Committee for Houston Building Owners and Managers Association.
- 2007 – 2008 Chair of the Commercial Real Estate Council of ASIS International.

Wright is an active member of the real estate and security community, presenting professional development seminars for organizations such as ASIS International, Building Owners and Managers Association and the Institute of Real Estate Management. He was a contributor to the Third Edition of "High-Rise Security and Fire Life Safety," an authoritative security resource volume authored by Geoff Craighead, CPP. Wright has also authored several articles on security and fire safety for local and national real estate publications.
